## TO:All MembersRE:Consent to Receive Association Documents, Correspondence & Notices by Email

In order to speed up delivery of notices and other documents to you, the Board of Directors of the Meadow Oaks Homeowners Association is asking each of the Owners to consent to receiving all future documents, correspondence and notices via email. Contacting you by email has several advantages: It is fast (and you need not worry about your mailbox being broken into), it is more economic for the Association than regular mail, and it affords the Association the opportunity to keep the Owners advised as to what is happening. The Board has recently received requests from several Owners for copies of the meeting minutes and information concerning issues coming before the Board. Agreeing to allow the Association to communicate by email will allow the Board to provide you with such minutes and other information in a timely and economic manner.

The Board would, therefore, ask that you sign the authorization below, provide your preferred email address and then return this form to Ralston Management via regular mail as soon as possible (the applicable statute states that we must have your signature in writing on the authorization).

Thank you,

Suci Ralston
